

If There Is No LOADSTAR Tire Dealer Available

- 1.) Purchase a tire of like quality and price.
- 2.) Return the LOADSTAR tire to the nearest distribution center, UPS. collect.
- 3.) IMPORTANT — **You Must** include the following:
 - A.) Invoice for replacement
 - B.) Original invoice
 - C.) Current information

Name: _____

Address: _____

Phone Number: _____

Date Tire Removed: _____

Reason Removed: _____

Trailer Make: Model: Year:

4.) Fill out this information and tape securely to the tire along with a mailing label addressed to the distributor.

5.) When the LOADSTAR Distributor receives the tire he will examine it, adjust it under the terms of the LOADSTAR warranty and send you a complete explanation and check (if applicable).

Important Safety Information

Any tire, no matter how well constructed, may fail due to improper maintenance or service factors, creating a risk of property damage and serious or fatal injury. For your safety, comply with the following:

1.) Check air pressure monthly when tires are "cold". Use an accurate tire air pressure gauge. Do not reduce pressure when tires are hot.

Proper inflation is essential. Underinflation produces flexing of sidewalls and builds up heat to the point that premature tire failure may occur. Overinflation can cause the tire to be more susceptible to impact damage.

2.) Never overload your tires. The maximum load capacity and maximum inflation pressure are molded into the sidewall of your tire. Overloading builds up excessive heat and can lead to early tire failure.

3.) Avoid damaging objects (chuckholes, glass, rocks, curbs, etc.) which may cause internal tire damage. Continued use of a tire that has suffered internal damage, which may not be visible externally, can lead to dangerous tire failure. Determination of internal damage will require dismounting of the tire and examination by trained tire personnel.

4.) Property damage and serious or fatal injury can also result from the following causes:

- Improper tire mounting and inflation procedures may cause the tire beads to break with explosive force during installation of the tire on the rim. Tire and rim must match in size. Rim parts must match by manufacturer's design. Clean rim. Lubricate rim and beads. Do not exceed the maximum recommended pressure to seat the beads. **ONLY SPECIALLY TRAINED PERSONS SHOULD MOUNT TIRES.**

- Use of worn out tires (less than 2/32nd" remaining tread depth) increases the probability of tire failure.

- Excessive speed creates heat buildup in a tire, leading to possible tire failure.

Eligibility

You are eligible for the benefits of this policy if you are the owner and original consumer of new LOADSTAR tires, bearing Dept. of Transportation prescribed tire identification numbers, only on the vehicle on which they were originally installed according to the vehicle manufacturer's or LOADSTAR recommendations.

What Is Warranted And For How Long

Your tires are warranted against failures due to defective materials and workmanship.

(A) Tires are eligible for warranty if presented not more than four years past manufacturing date and has a minimum of 2/32nd" tread remaining.

(B) Free Replacement For (Bias or Bias/Belted) High Speed Trailer Tires. If a LOADSTAR tire fails due to defective materials or workmanship during the first 10% of treadwear, or the first year, the tire will be replaced with a new comparable LOADSTAR tire without charge.

(C) Treadwear Prorated Replacement. Tires not qualifying for free replacement will be replaced with a new, comparable tire based upon the percentage of tread that has been worn. The price you pay will equal the percentage of original, usable tread worn, multiplied by our then current "Predetermined Adjustment Price". Owner pays mounting charge.

Definition of Comparable Tire

A "comparable" new LOADSTAR tire may either be the same line of tire, or, in the event the disabled tire is out of production or unavailable, the same basic or equal construction and quality with different sidewall or treadwear configuration. If a higher priced tire is accepted as replacement, the difference in price will be paid by the owner.

Computing Treadwear

Treadwear is computed as a percentage of the original, usable tread. The original, usable tread does not include the last 2/32nd inch of tread depth.

What Is Not Covered By The Warranty

- Failures due to fire, accident, malicious mischief, improper inflation, improper use, running flat, overloading or road hazards. Examples of road hazards include nails, glass and other foreign objects and natural and man-made defects or obstacles such as excavations, construction, potholes and chuckholes. Damages caused by road hazards include cuts, snags, punctures, scuffs, carcass bruises and impact breaks.

- Premature or irregular wear due to improper inflation or alignment or balance.

- Tires presented by other than the original consumer.

- Tires with weather cracking which were purchased more than (4) four years prior to presentation for adjustment. If you have no proof of purchase date, tires manufactured (4) four years prior to presentation are not covered.

- Loss of time, inconvenience, loss of use of the vehicle, costs of towing or transportation, or consequential damages of any type or nature.

- Any implied warranty, including merchantability or fitness, is limited to the duration of this written warranty or (4) four years, whichever is less.

- Balancing or mounting charges.

*NOTE: This limited warranty is the entire warranty given by LOADSTAR and LOADSTAR's complete obligation is as set forth herein. No one has authority to imply, suggest, agree, represent, warrant or promise contrary to the terms hereof.

Owner's Obligation

You must present the tire to any LOADSTAR Tire Distributor or participating dealer in the U.S.A. To obtain no charge adjustment for tires, you must present proof of purchase date (such as trailer dealer or tire retailer invoice). You are responsible for payment of all taxes, as well as retailer charges for services that you request but are not covered by the warranty. This warranty gives you specific legal rights and you may also have other rights which vary from state to state.

NOTE:

Some states do not allow the exclusion or limitation of incidental or consequential damage or how long an implied warranty lasts, so the limitation or exclusion may not apply to you.

Adjustment Procedures

Unserviceable LOADSTAR tires adjustable under the terms of this policy should be returned to a LOADSTAR tire Distributor.

1.) Check National Distributor Directory for the nearest LOADSTAR Tire Distributor. Call the nearest distributor. They can tell you where the nearest dealer would be located.

2.) Call 1-(800)-225-4714, 9AM-5PM weekdays for the nearest distributor.
